

# **MIGHTY** LIFT™ HIGH LIFT PALLET TRUCK

*Now a pallet truck & a lift-table All in One!*

## **3,300 lbs Capacity**

- Innovative functional combination of pallet truck and lift table for great flexibility
- Reduces muscle fatigue and back injury by eliminating repetitive bending, twisting and lifting

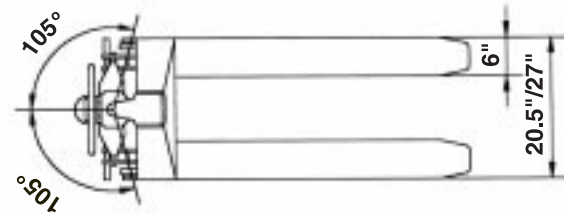

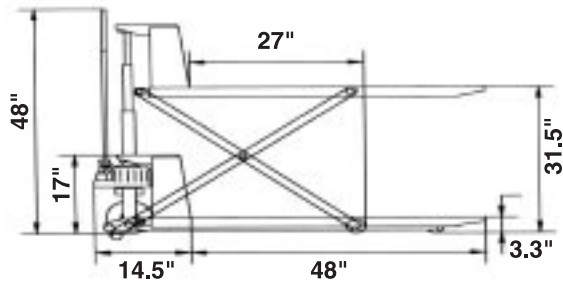

- Increases productivity up to 40% by doing all three in one: picking-up loads, transferring to work stations and lifting them up to the most efficient height
- Versatile adaptation to hundreds of applications, such as feeding press binders, cutters, conveyors, assembly lines, etc.

- Heavy duty hydraulic pump with sealed air tight fluid system
- Tough telescopic hydraulic composed of 3 chrome plated rods for easy and safe lifting
- Two automatic brakes and two side stabilizers engage automatically once forks are raised
- When stabilizers are lowered, steering wheels are raised 4" off the ground making the truck immobile.
